PROFILE

Software Engineering undergraduate at FAST NUCES Karachi with hands-on experience in web app development using Next.js, React, and Node.js. Passionate about full-stack development and eager to apply technical and problem-solving skills in a professional internship environment.

PROJECTS

INVOICE GENERATOR

Built using Next.js with PDF generation and database storage for records.

Student Management System

Built in C for managing student records
Implemented file I/O for persistent storage and modular functions to handle CRUD operations and basic validation.

PATREON CLONE

Built with Next.js/React and a simple server-side payment flow to explore payment gateway integration.

Recipe Suggestion App

Web app that suggests recipes based on user-provided ingredients. Built with Next.js and Tailwind CSS, integrating API calls to fetch relevant recipes dynamically.

EDUCATION

Bachelor In Software Engineering

2024 - Present

Completed foundational software engineering courses such as Programming Fundamentals, Object-Oriented Programming, and Data Structures & Algorithms, building a strong base in problem-solving and coding practices.

SKILL

Technical Skills:

- React.js
- Next.js (Moderate)
- TypeScript (TS)
- Tailwind CSS
- Databases (Prisma / MongoDB)
- Object-Oriented Programming (OOP)
- Data Structures & Algorithms (DSA)

Soft Skills:

- Problem Solving
- Communication
- Leadership
